NO TO CUTS

SAVE OUR SERVICES!

MARCH/PROTEST/RALLY

Saturday, 12th February 2011, 11am

Starting at the 'Feather', West Gate

**Finishing in Mansfield Market Place,
11.10am**

Guest Speakers

FIGHT THE CUTS!

On Thursday 24th February, Nottinghamshire County Council will set its budget for the coming year. It plans to make eye-watering cuts that will have a devastating effect on local jobs and services.

The Con-Dems say "We're all in this together." That's a downright lie! This is a government of millionaires, who won't be affected one bit by the proposed attacks on services and jobs they want to inflict on us! If they're allowed to get away with these, it doesn't bear thinking about what they will try to destroy next!

The student protests against the raising of university tuition fees and the axing of EMA are showing the anger that is building against the cuts,

The proposed closures of Warsop and Edwinstowe fire stations will undoubtedly put lives at risk.

The people of Greece, France and other European countries have shown they won't take the destruction of their services lying down. In Greece alone, they staged six general strikes last year!

We **must** show this Con-Dem government, and governments of all colours, for that matter, that we will not stand for these savage attacks on our public services and jobs, which, if implemented, will affect all of us, especially the poorest and most vulnerable people.

The bankers who created this mess, who have had endless bailouts of public money and massive bonuses, should be made to pay, not ordinary people.

This protest will be an important step towards the TUC-backed demonstration in London on 26th March 2011. That, in turn, could pave the way for a one-day public sector general strike, similar to the one held in Spain last year.

If you're against the cuts, come to our meetings, get involved, make your voice heard, and show them we will NOT pay for their mess.
